Avinash Kumar Mahto mahtoavinash389@gmail.com | +91 8340733401 | Hazaribagh

EDUCATION

B.A, English Vinoba Bhave University, 2018 - 2021

TRAININGS / CERTIFICATIONS

Full Stack Web Developer Apr 2025 – Present | Pro Coding Hub, Hazaribagh• Built a student fee management and receipt printing system using PHP and MySQL with features like student data management, fee tracking, and PDF receipts.• Practiced frontend design using Bootstrap and Tailwind CSS.• Currently learning ReactJS and Laravel to strengthen full stack capabilities.

SKILLS

• Frontend: HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript

• Backend: PHP, MySQL, Laravel

• Other Tools: GitHub, WordPress

• Currently Learning: ReactJS

PROJECTS

 Student Fee Management System – PHP, MySQL, Bootstrap• Developed a dynamic web application to manage student data, collect and track fee payments, and print receipts.• Key features include secure admin login, student CRUD operations, fee submission and tracking, and print-friendly invoice generation.

SUMMARY

Motivated and self-driven full stack web developer with strong backend expertise in PHP and MySQL. Currently learning ReactJS with hands-on experience in core web technologies. Capable of building dynamic, database-driven applications from scratch. Known for quick learning, attention to detail, and a passion for writing clean and efficient code.

WHY SHOULD I BE SELECTED?

I bring hands-on experience in developing real-world web applications using PHP and MySQL, including a complete student fee management system. My practical approach, eagerness to learn new technologies (like ReactJS and Laravel), and dedication to delivering results make me a valuable addition to any development team. I am focused, reliable, and ready to contribute from day one.
